AVAO® SIT

Work positioning seat harness

- Wide, semi-rigid waistbelt and leg loops give excellent support. They are contoured and lined with breathable perforated foam for maximum comfort when suspended
- Waistbelt equipped with self-locking DoubleBack buckles for quick and easy adjustment
- A ventral attachment point that distributes the load between the waistbelt and the leg loops during suspended work
- Two lateral attachment points transfer the load to the waistbelt for comfort when working with feet supported. They can be flipped back against the waistbelt when snagging is an issue
- The rear attachment point on the waistbelt allows connection of a restraint lanyard or a TOP chest harness (new or old version), transforming the harness into a fall arrest harness
- Five pre-shaped equipment loops with protective sheath
- Slots for CARITool tool holder
- Slots for TOOLBAG tool pouch
- Available in three versions:
 - AVAO SIT (C79AAA): leg loops equipped with self-locking DoubleBack buckles
 - AVAO SIT FAST (C79AFA): leg loops equipped with FAST automatic buckles for quick and easy opening and closing without the need to readjust them, even while wearing gloves
 - AVAO SIT (C79AAN): black, leg loops equipped with self-locking DoubleBack buckles

Discover all the possibilities of the AVAO harness at www.petzl.com/AVAO.

TOP

Chest harness for seat harness

- Transforms the AVAO SIT, FALCON and SEQUOIA SRT seat harnesses into fall arrest harnesses
- Joins at the rear buckle and connects to the ventral attachment point
- Foam shoulder straps are widely spaced to reduce neck chafing. When the waistbelt is weighted, they help distribute the load over the shoulders
- Shoulder straps equipped with self-locking DoubleBack buckles for quick and easy adjustment
- Sternal attachment point for connecting a fall arrest system
- Available in two versions:
 - TOP (C81AAA)
 - TOP (C81AAN): black

TOOLBAG

Tool pouch

- Allows tools to be organized during suspended work
- Cordlock allows the pouch to be closed easily during transport or when moving about
- Attaches easily to any harness in the AVAO line
- TOOLBAG S (S47Y S):
 - for smaller tools (measuring tape, pencil, screws/nuts.)
 - small size (2.5 liters), 170 g
- TOOLBAG L (S47Y L):
 - for hand tools (hammer, screwdriver.)
 - large size (5 liters), 240 g

The international versions of the NAVAHO range, compliant with the ANSI Z359.1 certification, are still available.
