

SAFATEX RA

NightSearcher

SAFATEX - INTRINSICALLY SAFE LIGHTS

ATEX Right Angle LED 325 Lumen Flashlight. Zone 0 and mining approved.

The NightSearcher SAFATEX RA is part of the NightSearcher SAFATEX ATEX portable range of LED lighting. It is UL, IECEx and ATEX certified as well as CE, RoHS and REACH accredited. It is approved for use in mines and certified to ATEX Zone 0 for gas.

The SAFATEX RA is a tough, versatile, compact flashlight with dual light output of either 325 or 184 lumens from a CREE XP-G2 high output LED.

Switching light modes is via a push button switch, mounted on the front of the flashlight for ease of use even when worn with a BA set and/or wearing thick gloves. The first press switches on the high setting providing a 288m beam, a second press the lower setting with a 184m beam, a third press turns off the flashlight.
